

Signature Solution

The humanKIND Framework

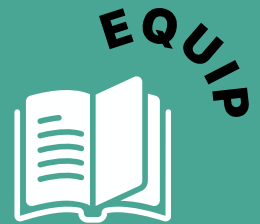

“Start with Purpose” We start with a 1:1 introductory call to understand your school’s current SEL approach. To clarify your goals, identify existing gaps, and align the humanKIND Curriculum to your unique needs - so you can start with clarity and confidence.

→ **Benefit:** Personalized support and a clear path forward - no guesswork, no overwhelm, just alignment.

“Confidence through Training” Educators receive access to our self-paced online workshop, covering the "why" and "how" of SEL through the humanKIND approach. that blends theory with practical implementation strategies. Schools can also add-on a hands-on, in-person workshop for deeper connection and modeling.

→ **Benefit:** Your teachers feel capable and confident, not overwhelmed or underprepared.

“Ready-to-Use Resources, All in One Place” Receive full access to the humanKIND Curriculum Platform, a beautifully organized digital platform with lesson plans, books, printable worksheets, and more.

→ **Benefit:** Everything is in one place, organized, easy to navigate, and ready to go. It saves teachers time, eliminates prep stress, and ensures consistency across classrooms, even with limited SEL experience.

“Bridge School & Home” We provide family letters, take-home activities, and monthly newsletters to help parents reinforce SEL at home.

→ **Benefit:** Parents feel informed, included, and empowered to support emotional growth. This strengthens trust, boosts retention, and gives your school a clear, values-driven differentiator.

“We’re With You. Reflect & Shine.” We offer encouragement and support, through email check-ins, optional Q&As, and surprise Little Dude video visits to delight your students. As you reach the end of implementation, we help you reflect on your growth, celebrate the wins, and shine a light on the impact you’ve made.

→ **Benefit:** Your teachers feel seen. Your families feel the difference. And your school becomes known for cultivating kind, emotionally aware children.
